#### TWO PASSENGERS KILLED.

Forty-three Others Hurt in a Wreck in California.

San Francisco, Sept. 21.—Two passengers were killed and forty-three injured by a train wreck on the Southern Pacific near Harney, Nev.

There was a head-on collision between two freight trains. Flagmen were at once sent out and stopped the first section of passenger train No. 3, which was bound west and contained the Pullman coaches.

Train No. 3 was run in two sections, and before the flagman could get out and give a warning the second section came thundering down the track and crashed into the first section, which was standing on the track.

The dead are: W. Werner, travelling man, San Francisco; Thomas Mason, Paulsboro, N. J.

Among the injured are the following:

Mrs. W. C. Hasley, Eagle Grove, Ia., injured about abdomen.

G. M. Eckels, Indianola, Ia., slight bruises.

Engineer Ross and Fireman Lineville were injured and four or five cars were smashed and the occupants hurled about the cars.

## HIS LIFE MADE WEARY

PRESIDENT OF NEW YORK LIFE COMPANY SAYS DEMOCRATS WANTED MONEY.

NEVER REFUSED A DOLLAR

ASSERTS THAT JUDGE PARKER ACCEPTED CAMPAIGN DONATIONS YEARS AGO.

New York, Sept. 21.—Political contributions of the New York Life Insurance company and the connection of Andrew A. Hamilton of Albany with the alleged political activity of the company were the points around which the hearing before the legislative insurance investigation committee turned Wednesday.

President John A. McCall of the New York Life Insurance company was the chief witness and for several hours he was subjected to a fire of questions by Charles E. Hughes, counsel for the committee, concerning the money paid for political purposes.

The climax was reached when Mr. McCall declared that the soliciting of funds for campaign purposes was not confined to the Republican party in the campaign of 1904, and announced:

"My life was made weary by the Democratic candidates chasing me for money in that campaign. Some of the very men who today are being interviewed in the papers and denouncing men who contribute to campaigns were crossing my path every step I took, looking for money. One—the candidate himself, Parker—if he would show up his books when he was chairman of the Democratic state committee, it would give you a fit. He never rejected a dollar in the world. He would take every dollar that was paid to him."

Chairman of State Committee.

Judge Parker was chairman of the Democratic state executive committee in 1885.

Mr. McCall's statement was greeted with wild cheering, which continued until a threat was made to clear the room of listeners if the crowd did not retain itself.

With great care, the account of Andrew A. Hamilton with the company was analyzed by Mr. Hughes, who asked Mr. McCall about every item, and made it clear that a search was being made for political contributions.

Mr. McCall stoutly maintained that he had given Mr. Hamilton no money to be used in influencing legislation at Albany, but the admission was obtained from Mr. McCall that Hamilton's expenses at Albany were paid from the company's funds and that his accounts were not submitted to audit.

It was shown that \$235,000 had been paid to Hamilton with only a verbal accounting to President McCall, and that at present Hamilton owes the company about \$50,000, but Mr. McCall said he felt sure that Hamilton, who is now in Europe, will repay this sum upon the company's demand.

#### STATEMENT BY JUDGE PARKER.

Relative to Testimony of New York Life President.

New York, Sept. 21.—Judge Alton B. Parker, Democratic candidate for president in 1904, Wednesday night gave out the following statement concerning President McCall's testimony relative to the soliciting of funds from the New York Life Insurance company by Democrats in 1904:

"My attention has been called to certain testimony said to have been given today by Mr. John A. McCall, while a witness before the insurance investigation committee in reply to Mr. Hughes' question whether he thought that in 1904 the interests of the policyholders were so seriously endangered that the company ought to contribute."

"It is evident that Mr. McCall was laboring under great excitement in making his reply, for it is very incoherent. But if his answer is intended to convey the impression that in the campaign of 1904 I, either directly or indirectly, solicited from him or his corporation, or any other corporation, any money or valuable thing, his statement is absolutely false."

"On the contrary, I repeat now what I said before the election, that I expressly notified and directed the chairman of the executive committee of the national committee that no money should be received from corporations."

Denial by Sheehan.

William F. Sheehan's attention was called to the testimony of Mr. McCall and he said: "I was chairman of the executive committee of the Democratic national committee. There was not a single man connected with the Democratic national campaign that solicited a dollar from Mr. Mc-

Call. If any such person made any such solicitation Mr. McCall should name him."

John A. McCall, president of the New York Life Insurance company, referring to his testimony before the legislative committee in relation to contributions to the Democratic party, said:

"The meaning I intended to convey when I mentioned Judge Parker was this: Judge Parker, when a candidate for the presidency last year, did not personally ask me for campaign funds, but friends of his did so repeatedly."

"Judge Parker, as chairman of the state Democratic committee several years ago, did, however, accept proffered contributions to the campaign fund."

#### SOME POINTED QUESTIONS.

Put to Officers of an Assessment Corporation of Chicago.

Chicago, Sept. 21.—At a turbulent meeting of policyholders of the Western Life Indemnity company here Wednesday, it was resolved to put some pointed questions to the officers of the company, an assessment corporation with headquarters in Chicago. The policyholders were moved to action by a bill for a receiver filed Tuesday by Attorney S. O. Levinson, who, in claiming to represent a number of policyholders, alleged that the assets of the company were about to be transferred without consent of the policyholders to a company in another state. Various charges of "fraud," and "graft," were also made. Angered by failure to secure from officers of the company information as to its present condition and as to the purpose of the men in control the policyholders formulated these questions and submitted them to President M. G. Moulton:

"Was a contract entered into between the Western Life Indemnity company and E. I. Rosenfeld, secretary, for the management of the company's affairs? What are the terms of that contract?"

"Did Mr. Rosenfeld pay over to W. H. Gray, who retired as manager of the company last February, \$125,000 and how about that sum paid? Is Mr. Rosenfeld receiving commission on all insurance policies written and on all renewals?"

Wednesday's meeting was attended by 100 policyholders from Michigan, Iowa, Missouri, Indiana and other states. After a stormy session the meeting adjourned until Oct. 3, expecting the court to pass upon the case in the interim.

#### AT PRESIDENT'S HOME

AN IMPORTANT CONFERENCE ON CONTRIBUTIONS FOR CAMPAIGNS IS HELD.

Oyster Bay, Sept. 21.—A conference of importance was held Wednesday night at Sagamore Hill, the participants being President Roosevelt, Elihu Root, the secretary of state, Henry Cabot Lodge, United States senator from Massachusetts, and Joseph H. Choate, former ambassador to Great Britain.

Postmaster General Cortelyou was also at the conference.

It is said that plans were laid for the elimination of contributions to future national campaign funds by all corporations affected by national legislation.

There is a further authoritative rumor that President Roosevelt has insisted upon the return of all campaign contributions made by life insurance companies to the last Republican national campaign committee and that his wishes will be carried out.

These radical and far-reaching measures—the most momentous in the history of the Roosevelt administration—have been determined by the president, following the disclosures of contributions of policyholders' money toward the Roosevelt campaign as disclosed by the newspapers and brought out at the sessions of the life insurance investigating committee at New York.

#### EARTHQUAKES IN ITALY.

Add to Distress of Stricken Population of Calabria.

Monteleone, Italy, Sept. 21.—Further slight shocks of earthquake and violent storms Wednesday, extending over the whole of Calabria, added to the distress of the stricken population. Lightning caused a fire at Ollivadi, which destroyed the remaining property belonging to survivors of the earthquake. Panics occurred at Cantanzaro and Reggio, where several buildings were struck by lightning.

#### INDICTED FOR MURDER.

Two Minnesota Men Accused of Killing N. O. Dahl and Daughter.

Bemidji, Minn., Sept. 21.—James Vesley and Paul Fournier were indicted by the grand jury Wednesday on the charge of having murdered N. O. Dahl and his seventeen-year-old daughter, Aagot, in Beltrami county, last year.

## IN THE WHITE HOUSE

EXCHANGE OF RATIFICATION OF RUSSO-JAP PEACE TREATY MAY BE MADE.

DETAILS NOT ALL ARRANGED

BUT FINAL FORMALITY IS TO OCCUR IN CAPITAL CITY OF THE UNITED STATES.

Washington, Sept. 21.—It can now be stated definitely that the exchange of the ratification of the treaty of peace between Japan and Russia will take place in Washington shortly after the treaty has been ratified by the representative sovereigns. It is probable that this will be done in the White House, as a compliment to President Roosevelt, but no definite arrangements have been made nor has it been decided by whom the treaties shall be exchanged.

#### ANTI-PEACE MEETING.

Japs at Tokio Want the Cabinet to Break the Agreement.

Tokio, Sept. 21.—An anti-peace meeting held in Uvena park Wednesday was barely attended, owing to a heavy rain. The tone of the meeting was quiet. The approaches to the park were guarded by troops, but no guards were posted inside. Resolutions adopted at the meeting demand that the cabinet break the peace treaty or resign. It was decided to bring pressure to bear on members of the lower house to conform with the resolution, threatening not to re-elect those failing to do so. The resolutions demand sweeping reforms in the administration of the police. An address to the throne was also adopted, but it has not yet been published.

#### THREE PERSONS BADLY HURT.

Nearly Two Hundred Others More or Less Painfully Injured.

Belleville, Ill., Sept. 21.—Three persons were seriously injured and it is believed that nearly 200 were more or less painfully hurt by the collapse of a band stand Wednesday night during a carnival and street fair. The seriously injured are: Mrs. Michael Darnich, Frank Dietz, Jr., Miss Bertha Schrieber, all of Belleville.

#### Universal Peace Congress.

Trueblood of Boston delivered an address on the progress of the peace movement in the United States. THURSDAY, SEPTEMBER 21, 1905.

The Minneapolis Journal will begin the publication of a Sunday morning edition of that paper October 1st.

If you are subject to epileptic fits you cannot run an automobile in Minneapolis. There are other disqualifications that are fully as dangerous to the public safety.

The Great Northern railroad has planned a reward for faithfulness to the agents and operators who remained at their posts during the recent strike, and it has taken form in two checks of like amount for their August pay.

The strike being waged at St. Cloud among the quarrymen will continue despite the report that it was to have been brought to a close by agreement yesterday. The producers have refused to accede to the demands of the quarrymen's union and have declared publicly for the "open shop" policy and it is stated now the war will be waged to a finish between the producers and the union.

At the Freeborn county fair yesterday Gov. Johnson in his address touched upon politics and is said to have made the remark that "President Roosevelt was good enough for him." The balance of the population of these United States are seemingly satisfied with Roosevelt and it is now unanimous since the democratic governor of Minnesota has put himself on record.

The professor of English literature in the Catholic University of America at Washington has been spending the hay fever period at Bemidji and during his sojourn in Northern Minnesota has been studying some of the Indians. In a communication to the New York Sun the gentleman declares that the state authorities are at fault in regard to the conditions of the Chippewas, and says there is an apparent lack of public sentiment among resident white men favorable to suppressing the liquor traffic among the red men. He lays all the blame for the crimes committed by this tribe of Indians to the lawless selling of liquor to them, and says the state is painfully remiss in its duties.

# YOUNG MAN SHOT WHILE HUNTING

Frank Whitford Jr. While Duck Hunting Met With a Distressing Accident

## DISPLAYS WONDERFUL NERVE

By Walking a Mile and a Half When His Arm was Literally Shot to Pieces

Word came from the north today that Frank Whitford Jr., son of Frank Whitford Sr. of this city, while duck hunting was accidentally shot in the arm and it is doubtful if the member can be saved. The accident occurred near Northome.

Young Whitford was out hunting alone and in taking the gun out of the boat it was discharged, the charge of shot striking him in the wrist and lacerating the arm to the elbow. He displayed wonderful nerve by walking in this condition a mile and a half to town. He was taken to Bemidji and it hoped that the arm can be saved although much of the bone was removed.

Mrs. M. J. Reilly returned from a visit in St. Paul this afternoon. She was accompanied home by Miss Mayme Towhey, of St. Paul, who will be a guest here for a short time.

The people of Brainerd are to be congratulated on this opportunity to hear Mrs. Howe as she is making only a very few dates in this state. Mrs. Howe is one of Missouri's most gifted women and is a veteran in the lecture field.

Charles Greeve, formerly a resident of this city but now of Duluth, was a Brainerd visitor yesterday on his way home from the Dakota harvest fields where he has been to superintend the harvesting and threshing on his large farms. The gentleman spent last winter in Cuba and expects to eventually go there to live having invested in a tract of land near one of the large cities there.

John Falconer was given a steel engraving picture of all the American authors, ladies and gentlemen, by Mrs. Robert Caughie who left the city a short time ago. Mr. Falconer believing that the picture would be especially appropriate for the purpose presented it to the Brainerd public library. It is now on exhibition at H. I. Cohen's office but will be hung in the library building at once. The board greatly appreciates the gift.

A good one is told on A. A. Finn and Pete Cardel who went hunting yesterday afternoon. A farmer was generous enough to let them go on his fields to hunt but told them to look out for bear that had been seen on the farm. "Bert" Finn was walking along and he saw something black moving in the bushes and he blazed away emptying both barrels of his gun only to find that he killed a big black sheep belonging to the farmer. Pete was not much better when he thought he would take in a corn field. He saw a large stump and dropped old "sudden death" and ran back to the buggy like a whitehead.

## MUSIC AND DRAMA.

"WHEN KNIGHTHOOD WAS IN FLOWER."

It is safe to say that Messrs. Kane, Shipman and Colvin are this year taking out the most gorgeous set of scenery for their great production of "When Knighthood Was In Flower," with Roselle Knott as Mary Tudor, that has ever left New York City. Five sets are required for the piece and all has been prepared after excellent descriptions of the country where the play is laid during the time about which it is written. The properties and settings have been made exact copies from originals in French and English museums and are simply magnificent. The five sets represent Windsor Park, London, on Monday, 1513, Mary Tudor's apartments at Bridewell house, London, one of the most beautiful palaces of the time, the great room of the famous Bow and String, Bristol, the ball room of the Palace Des Tournelles, Paris, and the morning room of Greenwich palace, London. At the Brainerd opera house next Monday, Sept. 25. Prices \$1.50, \$1, 75 and 50c.

## "THE MARRIAGE OF KITTY."

What is undoubtedly the best entertainment of its class ever seen in this city is, "The Marriage of Kitty," which will be presented at the Brainerd opera house on Wednesday evening, Sept. 27. When "The Marriage of Kitty" started out people naturally wondered what kind of a play it was and those who have been fortunate enough to see it found it to be a very good play; so good that arrangement was made for the appearance of Jules Murry's comedy company, including Miss Alice Johnson, well and favorably known among local theatre-goers, in "The Marriage of Kitty." Every detail of this production last season was commendable and received the highest praise. Indeed it was pronounced in the highest grade of first-class and wholly enjoyable amusement offerings. The best proof of its merit is found in the fact that its box office receipts everywhere double and treble with each re-appearance, and that this will be the same here is a foregone conclusion. Prices \$1, 75, 50 and 25c.

# WILL FIGHT MACHINE

REFORMERS OF PHILADELPHIA MEET AND NOMINATE A COUNTY TICKET.

## CONVENTION IS REMARKABLE

THE FIRST IN MANY YEARS TO WHICH DELEGATES WENT UNINSTRUCTED.

Philadelphia, Sept. 21.—In a most unusual convention, followed by an unprecedented demonstration, the new city party, a reform body opposed to the methods of the Republican organization, Wednesday nominated a county ticket to be voted for at the November election. The ticket is as follows:

Sheriff, Wilson H. Brown; coroner, J. M. R. Jermon; city commissioners, Rudolph Blaikenburg and Edward A. Anderson; judge common pleas court No. 1, Craig Biddle; judge orphans court, Morris Dallett.

Judges Biddle and Dallett are at present on the bench and are the regular Republican nominees for re-election.

Wednesday's convention was the first in many years in this city to which the delegates went uninstructed. There was no "slate."

Never before in the history of this city had the concluding scenes of this convention been equalled. Then the entire body of delegates and alternates marched to the city hall and acquainted Mayor Weaver of the action of the convention.

Mayor Weaver was lifted to a table in the center of the reception room and a delegate stood on either side of him with a large American flag.

City Chairman Edmonds, addressing the mayor, congratulated him upon the work of the convention.

## To Defeat the "Machine."

Mayor Weaver in reply said the administration and the reformers should work together to defeat the "machine" and bring about permanent reform.

The Democratic county convention was held at night and after some discussion the ticket nominated by the city party was endorsed. This is regarded as a personal victory for Chairman Donnelly, who appealed to the delegates to nominate the city party's ticket in the interest of good municipal government. The platform in part follows:

"We commend Mayor Weaver for breaking with the 'gang' and espousing the cause of the people. No city in the union had greater need of a revolution such as he inaugurated. The municipal officers were entirely controlled by a corrupt and criminal combination that brazenly plundered the city and stifled the complaints of its citizens.

"The same corrupt ringsters who have plundered Philadelphia dominate and misgovern the state. The citadel of their power is the office of state treasurer. By distributing state funds among favored banks, they insidiously bribe eminent respectables, who otherwise would not close their eyes to gang rascality."

## CHARGED WITH PERJURY.

Warrants Issued for Prominent Colorado Men.

Denver, Sept. 21.—Charged with perjury themselves to defraud the government out of lands in the Eastern part of Colorado, warrants have been issued by the United States district attorney's office for the arrest of Peter Campbell, former register of the United States land office at Akron; Perry C. Beene, county treasurer of Washington county, and D. W. Irwin, a real estate dealer at Akron.

Through these men it is said that the government has been defrauded out of thousands of dollars' worth of lands in Washington and Yuma counties.

By various subterfuges, it is stated, Campbell, Beene and Irwin obtained possession of land which had been abandoned by previous settlers and sold it to other settlers.

So far Irwin is the only man arrested.

## STRIKES FOR EIGHT-HOUR DAY.

Now Being Waged by Printers in Thirty-three Cities.

Indianapolis, Sept. 21.—At the headquarters of the International Typographical union Wednesday night the following statement was issued:

"Strikes for the eight-hour day are in thirty-three cities, and in most of these many of the employing printers have 'signed up.' In 216 cities we have the eight-hour day now or to become effective Jan. 1, 1906. In 56 of these where strikes have been declared, or threatened, all of the offices where union men had been employed have signed the new contract."

"Things could not be in better shape," National President James M. Lynch said. "As the bulletin which we are preparing to send broadcast over the country puts it, 'we are winning because our members are loyal.'"

## Prisoners in Revolt.

Orel, Russia, Sept. 21.—The prisoners in the government prison here revolted at night. Order was restored by the police and troops. One prisoner was killed and five men injured.

The mill will be operated full time and will run full capacity and it is now, with the added improvements and the systematic manner in which it is conducted, an institution which should be pointed to with pride.

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." H. P. Dunn & Co. druggist, sells and guarantees them, at 50c a bottle.

The site was selected and a man will be put on the place to clear, etc., and in a year it is hoped that further important improvements may be made, such as laying out roads, etc.

## And Appoint Agents in Twin Cities and Duluth to Dispose Of the Same

Supt. George Cook, of the Brainerd Lumber company, is not particularly given to airing his opinions on public matters in the newspapers, but when he says something there is usually a grain of good common sense to it and people "sit up and take notice."

In speaking about business conditions in Brainerd and by the way of suggestion Mr. Cook said last evening to a group of friends: "What Brainerd should have is a produce exchange market. I have been in and around Brainerd for a number of years, but must confess that it has not been until the last year or two, when I have had occasion to drive out in the country in the vicinity of Brainerd, that I became aware of the possibilities of this country from an agricultural standpoint and I have had my eyes opened. The great trouble is that the farmers find their market places elsewhere when they should come right here to Brainerd. I have driven out in the country and how many times have I seen the little signs nailed up, "ten miles to Little Falls," "five miles to Crow Wing," etc., etc. Brainerd may be more accessible to the very men who pass, but there is no inducement. What Brainerd wants is a general produce exchange. Create a market where the farmers can come in and dispose of their truck. Of course the people of Brainerd cannot consume all this but appoint agents in the twin cities and Duluth where there are excellent markets for all kinds of garden truck and produce. Create a market I say where the farmer can get rid of his stuff if only by exchanging for the necessities of life. You never can build up a town without this very thing is attended to. Brainerd is losing a lot of trade that it should have on this very account. The farmers that are accessible to Brainerd go elsewhere."

This from Supt. Cook gives tone and weight and the fact that he believes in the possibilities of this county from an agricultural standpoint goes a long way toward establishing confidence.

One Week's Use of Hyomei Did More  
Than Six Month's Treatment by  
Specialists.

In the treatment of deafness which is often a result of catarrh, Hyomei acts almost immediately upon the inflamed membrane and the hearing begins to return at once. A few days' treatment will bring relief, and in three or four weeks, according to the severity of the case, a cure will be accomplished.

Miss Meeks of Mattewan, N. Y., says: "Hymel is truly wonderful. I have used it but a short time and see a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath which was very offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists, and can truly say that six months of their treatment is not equal to one month of Hymel."

H. P. Dunn & Co. are selling Hyomei upon the usual plan of agreeing to return the money if the medicine does not cure.

A complete outfit costs only \$1.00, and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler will last a lifetime and there is enough Hyomei for several week's treatment. Additional bottles of Hyomei can be procured for 50 cents. Compared to this small expense with the fees charged by specialists, and then remembering that if Hyomei does not cure, H. P. Dunn & Co. will return your money.
